
To my foot licking faggit pussy cock-sucking bitch of a foot slave who is never there when I need him!

Hey there little Bitch. I'm anxiously awaiting the package you have sent me. I have no idea what it could be but it better be good. Don't think you can get your master excited and disappoint him. Yesterday was Martin Luther King day so I didn't have school. I was wishing I had my CEO faggit slave with me to worship and massage my feet as I caught up on my homework. I need my bitch to service my feet. I also found myself on my hands and knees trying to clean my shoes that were horribly salt stained. The leather was really dried out and I wanted my faggit bitch to lick the salt clean so I could oil them up. Dr. Martens look really bad with salt stains. I expect an apology from my slave for making me go through the trouble of cleaning my own shoes. I expected my bitch to drive out here and clean them. I also expected him to pay me for the honor of doing so. I spoke with some of the men from the fraternity last night and they want you to come over and clean their shoes with your tongue. They also expect you to buy them beer, so that while you clean their shoes they can get drunk and laugh at the fag cleaning their shoes. My fraternity brother, Dave just might want his cock sucked because when he gets drunk you never know what is going to happen.

He was wondering what it would be like to make some fag suck his dick. Then he realized you would probably like it and it wouldn't be torture for you so he wanted me to tell you that you could just dream about how close you came to sucking a straight guys cock that is dipped in a new sorority sluts pussy every week. You are a pussy faggit so maybe you qualify. I'll have to talk to him again. I'll inform you of more later for now I have to go.

Master Brent

Fag, I'm anxiously awaiting the package that I ordered you to sent to me just for smelling my sweaty socked feet. You are a pussy to my feet, you bitch.

It better be good.

Master Brent

**

Faggit,

What if we made you an honorary member of our fraternity (since you are older a pledge might not work). An honorary member is someone who is older who isn't a member but has earned it. For example they gave a large money donation or they are a really big partier. We could make you an honorary member because you gave us a lot of money to be our foot mat or something. Then I could haze you like a pledge before you become a member. I could make you do push-ups and each time you can kiss my feet at the bottom of each one. (we make pledges do push ups during hell week we also make them drink beer). Instead of beer I can get my socks and stick them in water and make you drink it. I can make you clean a couple pairs of shoes I can make you eat something that seems disgusting from my feet like we did before. I could take a paddle and paddle your ass or whip it with a belt. We have been drinking while hazing and we made pledges suck beer bottles like they were dicks. That was really funny. Maybe I could spit some beer in your face or something. I could do the usual like calling you names all night and then decide I am going to keep your money but not make you an honorary member because you are a foot licking cock-sucking faggit foot slave.

**

My faggit bitch, cock-sucking, piece of dog shit, foot-kissing foot mat,

Do you realize what you just did? I was going to the grocery store to spend the money my faggit bitch gave me-that means you-and I figured I would stop and check my e-mail to see what my foot worshipers response was and He didn't send me an e-mail yet. You wasted my fucking time you little foot-licking bitch. I made an effort to come here and you screwed me. I'm going to make you pay for this-both with your checkbook and with your tongue on my boots. I'm going to make you lick every square inch of my Dr Martens and then I'm going to make you clean my running shoes. By the way, I need a new pair. I was running yesterday and I was running through the woods and I stepped in some animals shit so I'm sure you will enjoy cleaning my shoes. I'm going to watch very closely while you do it and listen to you whine "please don't watch it's embarrassing" Then I'm just going to laugh at you and make you clean them some more. I've been wearing the socks I have on now for days. I'm going to send them to you in the mail and I expect you to tie them to your face as usual. I'm going to make you beg to smell my socks and then I will make you untie my boots with your teeth. Then If you beg long enough I will permit you to smell my socks which will be very sweaty from many days of wear. After this I'm going to take off my socks and shove them in your mouth. I'm sure you will be rubbing your little dick through your pants as usual. You probably jerk off while tying my socks to your head when I'm not there. I know what you do you little bitch dog. Then I'm going to remove my t-shirt and make you smell the armpits. That is what you need because you are a faggit foot-slave. You need it for survival. I am a strong powerful straight man who can dominate your gentle fag nature. Don't you forget it. I'm not here to waste my time with your bullshit. There are plenty of fags who would love to be my foot slave. You just happened to get lucky.

Talk to you soon you little foot-licking fuck.

Master Brent
